

For the most outstanding minds, there should never be any obstacles to realising their full potential. The MIT-SUTD Dual Masters' Degree Programme, offered in collaboration by the Massachusetts Institute of Technology (MIT) and the Singapore University of Technology and Design (SUTD), aims to support and promote outstanding researchers to maximise their potential. If you have a keen interest in research and a desire to advance boundaries in the field of technology and design, we invite you to apply.

# FOR THE BRIGHTEST MINDS, THE MIT-SUTD DUAL MASTERS' DEGREE PROGRAMME IS WELL WITHIN REACH.

Sponsorship for this programme is available and covers a monthly stipend, airfares and fees, so you can focus on your coursework and research. You will spend 9 to 13 months at MIT in one of the following programmes:

- System Design and Management Programme
- Civil and Environmental Engineering's Master of Engineering Programme
- Master in Supply Chain Management Programme
- Master of Engineering in Manufacturing Programme

This will be followed by another year of intensive research at SUTD. Upon successful completion, you will graduate with an MIT Master's in one of the programmes above and an SUTD Master of Engineering (by Research).

If you have a passion for technology and design and want to reach further and higher, we welcome you to apply. Please contact **Ms Ramona Zuzarte** at **+65 6303 6683** or email **postgraduate@sutd.edu.sg**
