

IMAGINE TRANSPORTATION THAT DOESN'T TRY TO BEAT THE TRAFFIC.  
IT'S ABOVE IT.

WHEN WE HARNESS THE POWER OF TECHNOLOGY AND DESIGN, THERE IS NO LIMIT TO WHAT WE CAN ACCOMPLISH.

With traffic congestion and pollution rising across the urban world, a new form of public transportation will soon soar above it all. The revolutionary "elevated high-speed bus" will soon ply the roads, carrying up to 1,200 people. Raised 7 feet above the road so cars can pass underneath, and powered by electricity and solar energy, it will ease both traffic and pollution. Visit [www.sutd.edu.sg](http://www.sutd.edu.sg) to find out how Technology and Design can help you build a better future.

Application period: Now till 3 April 2011

**Admission Briefings**

Dates : 20 March 2011

Session : 2.00pm to 4.30pm, Registration at 1.30pm

Venue : Mandarin Orchard (formerly Meritus Mandarin),  
333 Orchard Road, Grand Mandarin Ballroom, Level 6

Please register at [www.sutd.edu.sg/rsvp](http://www.sutd.edu.sg/rsvp). Limited seats available.

For enquiries on admission, contact us at [admissions@sutd.edu.sg](mailto:admissions@sutd.edu.sg) or 6303 6655.
