WHY CHOOSE SUTD

02 Hands-on Collaborative Learning

Experience a MIT-like education where 90% of our curriculum were developed by MIT. With a 11:1 student to faculty ratio, SUTD focuses on hands-on small group learning so you will get to interact closely with our faculty and students.

01

Interdisciplinary, Design-centric Curriculum

SUTD offers interdisciplinary learning experience where you can easily take cross pillar subjects. You also get to work on design-related projects with full access to our Fabrication Lab facilities, that supports prototyping and turning your ideas into reality.

I had the chance to study subjects and topics that I would have never expected to have done in my life. Alongside my major-related courses, in the field of Computer Science, I have studied Healthcare, Architecture and Entrepreneurship modules that were really eye-opening for me and allowed me to expand my horizons.

Artur Varosyan,
University of Bristol

03

Undergraduate Research Opportunities

In most universities, only selected students have access to research opportunities. At SUTD, all undergraduates, including first year students and exchange students have the opportunity to work on research with our faculty.

sutd.edu.sg/campus-life/undergraduate-opportunities-programme/urop/inbound-iuop

As an avid fan of entrepreneurship, I've joined SUTD Entrepreneurship Venture and Enterprise Network (SEVEN). I frequently attend their fireside chats, and enjoy meeting both the guest speakers as well as my fellow entrepreneurial-minded students. It's interesting learning about the Singaporean entrepreneurship scene, and how it differs from the American, especially the Californian entrepreneurial scene.

Justin Yeung,
University of California, Los Angeles

04

Vibrant #SUTDent Life

Over here at SUTD, there are no classes on Wednesday and Friday afternoons to allow students to pursue their passions and interests through participating in the various student clubs (also known as Fifth Rows).

05

An Innovative, Entrepreneurship Culture

SUTD has a dedicated entrepreneurship centre that supports SUTD start-ups and provides resources and training to budding entrepreneurs like you!
